NOTICE: ONLY SIMPLE BOLD TEXT AND LOGOS PRINT ON THIS PRODUCT. Due to the highly elastic nature of Hyper-Flex material, the imprint may not be entirely uniform and will wear off with repeated stretching and handling. The Hyper-Flex material is a unique petrochemical compound with a slightly oily surface and a light talc coating. Either the talc or the oil may leave a slight residue when handled. Over time the product will leave a slight oily residue on surfaces and should not be left on desktops, carpets or other sensitive surfaces. I have read and fully understand the above information.
