### PLEASE NOTE

The logo that you attached for your order is very detailed and complex. Because of how small the imprint area is on this item, I am concerned that it will not print well. A lot of the small details might bleed into each other or fill in when printed. And it may not be very clean or professional looking. I did find an alternate RMU logo online (see Option 2) that I believe will print a lot nicer within this small imprint space. Please advise.

Also, your original order lists only two imprint colors. However, your logo does contain three (Navy, Red, Gray). For the sake of matching your university logos, I added a third imprint color on the proof. If you do approve this, there will be some additional charges for adding the third color.

### \*\*\*IMPORTANT INFORMATION\*\*\* (PLEASE READ)

Please proof carefully for spelling errors, omissions, and layout accuracy. It is your responsibility to correct any errors. Garrett Specialties assumes no responsibility for errors after a proof has been authorized to print. Please note changes or revisions to your proof from your original instructions may cause revision in your ship date. Delays in paper proof approval also may require a change in your schedule ship dates. Occasionally, some fax machines may distort the image. Please pay close attention to numbers.

It is imperative that you view your e-proof and submit your approval and/or changes promptly to maintain your anticipated delivery date.

Please keep in mind that this virtual proof is not a printed sample of your artwork on our product. The size and placement of the artwork may vary from this proof when actually printed on the product. Carefully review the attached proof for verification of copy & layout.

Due to inherent technical differences in color monitors, the imprint colors and product colors depicted in the attached proof will not resemble those in the final product. We make every effort to match requested custom colors, but cannot guarantee a 100% exact match. Imprints are applied using pad or screen inks. These inks are hand mixed as close as possible to the requested color but may vary 2 to 4 shades. For this reason an exact PMS match cannot be guaranteed.

Your order is ON HOLD until we receive an approval from you in reference to your artwork.
